

YAMAHA

W7/W5

MUSIC SYNTHESIZER

Professional Music Workstation Breakthrough

The Yamaha W7 and W5 are the newest members of the professional workstation lineup. All you need for your professional composing arranging and performing is delivered in one powerful, flexible and easy-to-use instrument. Make your musical dreams come true with the Yamaha W7 or W5. The W5, 76-key sister model, offers the same features and functions as the W7.

- Top-quality AWM2 sound with 8 megabytes of wave memory
- GM, Preset and Internal voices in one instrument
- 16 song memory with 16 tracks and 100,000 note sequencer capacity
- Song Voices play back not changing the onboard user voice settings
- New Template function for fast and easy voice editing
- Advanced 3 insertion and 3 system effects
- Large LCD display with easy operation and precise continuous sliders and Jog/Shuttle dials
- Optional Expansion Wave/Voice Board for large tonal variety

Optional Expansion Wave/Voice Board

4 megabytes of wave and voices are available through an Expansion Wave/Voice Board (WEMB01-03).

The first available title will be "Concert Grand" featuring 4 megabytes of piano sounds followed by "Vintage Sounds" and "Rhythm Section".
